

Ambulatory Anesthesia Associates are looking for a Dentist Anesthesiologist to join our well-established, highly successful, Office Based Anesthesia team in Northwest South Carolina. This is an opportunity to join an established practice of Dentist Anesthesiologists with proven methods, long term well trained preoperative and clerical staff, and successful clinicians. Clinically, much of our practice is pediatrics, special needs, adult general dentistry, and oral surgery cases. Anesthesia supplies and equipment are provided.

This position offers a competitive compensation package including an expense account, health insurance, an auto allowance, a signing bonus, and a guaranteed salary with annual reviews and increases. There is great potential for the right individual to quickly transition from residency to full time practice. DDS/DMD degree with completion of a certified accredited anesthesia program and Board Certified/ Board Eligible status are required. Please have interested candidates send CV to wpaoba@gmail.com.
