

Dentist Anesthesiologist Position available in the New York Metropolitan Region

Our practice is seeking an enthusiastic and talented dentist anesthesiologist for either a full or part-time position. You have the opportunity to join a busy and established private practice which serves Long Island, New York's boroughs and Westchester County. Our practice is devoted to providing anesthesia services which are patient-focused, customized and without compromise. We provide services to a diverse population of pediatric and adult patient including patients with special needs while working along-side a group of talented dental professionals and specialists.

We are seeking an associate who is highly motivated to integrate into an established practice and pursue practice growth. A pathway to practice partnership is available to the right individual. The generous compensation package offered for a full-time position includes a competitive guaranteed salary with bonus compensation based on production, liability insurance, health insurance, 401k retirement program, as well as paid holiday and time off for continuing education. Monitors, equipment and supplies are provided. We focus on providing care in a team approach which includes an assistant to work with you who may be a registered nurse or other allied healthcare individual and an experienced administrative coordinator for scheduling and phone support.

Candidates must be graduates of an accredited dental anesthesiology residency training program and board certified or eligible by the American Dental Board of Anesthesiology. Interested candidates should either call us at (516) 776-0716 or reply by email with a letter of interest and your CV to the email: drboorin@anesthesiany.com
