## Practice for Sale

I am interested in selling my sole proprietor practice in the NY metro and surrounding regions area.

Mostly pediatric full mouth rehab with a scattering of adults and special needs cases.

Practice requires driving long distances and perhaps licensing in multiple states.

Good production, low overhead, bare bones operations with lots of room for expansion.

As a unique practice, I am flexible in terms of transition and am open to M&A offers as well.

Can provide financing and logistics support to transform operations more to your liking by end of sale.

Please contact me via webform at [this contact page](https://www.sleepytooth.com/contactus/). (https://www.sleepytooth.com/contactus/)
